

Baan Nong Mai Tai School

From the 1st to the 3rd of July, 2018, members of the Lionheart Society assisted the Baan Nong Mai Tai school in Si Kiew, Nakorn Ratchasima, as part of the "Paws for a Cause" project. We helped improve the living standards of those at the school by teaching them to become more self-sufficient. Furthermore, the students no longer suffer from a shortage of lunch and also have an improved sports program. The Lionheart Society has been teaching students in poor rural schools and donating learning equipment to them for the past 9 years.

Baan Nong Mai Tai Provincial School (5th year of support), has a successful ongoing "student lunch project", new latrines, new water purifiers and dispensers as well as new water tanks for a yearly supply of clean water, a major issue in the past. Our visit was welcomed with much anticipation as we performed our regular activities including teaching, playing fun games, presentation of scholarship funds, donation of learning materials, teaching aids and sports equipment as well as snacks for everyone.

The Paws for a Cause is an ongoing project that we intend to continue for many more years. The Lionheart Society strongly believes that by helping those who are trapped in a cycle of destitution find ways to change their lives for the better through their own efforts and determination can inspire others to do the same and continue striving to have a brighter future.
